What this Seminar is about:

The employment, education, and civil rights law firm Costello & Mains, P.C. has served the working families of New Jersey since 2006 and its partners have over 40 years combined experience representing working people. To further that service, we’re inaugurating our FREE seminar series, the “Costello & Mains, P.C. Community Seminar Series” with our 2015 event addressing special education rights, bullying and harassment in schools. Speakers will include Assemblywoman Pamela R. Lampitt, Assemblywoman for the Sixth District and Chair of the Assembly Women and Children’s Committee; Special Education Rights attorney Craig David Becker; Educational needs consultant and therapist Gerald “Buzz” Mingin, Ph.D.; and Kevin M. Costello, the founding partner of Costello & Mains.

Come join your neighbors for two hours of FREE education and inspiration addressing one of the most fundamental needs of the citizens of New Jersey: the need to cherish, protect and educate our children.
