80 Broadacres Drive Clementon, NJ 08021**

Refreshments will be served!

What this Seminar is about:

The employment, education, and civil rights law firm Costello & Mains, LLC has served the working families of New Jersey since 2006. Its partners have over 50 years combined experience representing working people. To further that service, we're offering an event focusing on special education rights, bullying, and harassment in schools. Speakers will include Special Education Rights attorney Craig David Becker; Educational Needs Consultant and therapist Gerald “Buzz” Mingin, Ph.D.; and Kevin M. Costello, the founding partner of Costello & Mains.

Come join us for an evening of FREE education and inspiration addressing one of the most fundamental needs of the citizens of New Jersey: the need to cherish, protect and educate our children.

Limited spots available for FREE childcare support at Cherrywood Academy during workshop for currently enrolled students of Cherrywood or Country Acres!

****Must reserve childcare when confirming attendance. Sorry, no drop-ins can be accommodated.****

Inquire or RSVP to 856-374-2821 or info@partnersinlearningnj.org
